

SPRING 2021 TREND GUIDE

MAISON
& CO.

IT'S WHERE YOU LIVE.
It's what we live for.

Maison&Co. is a family-run business with far-reaching roots. With decades of collective experience in the kitchen, plumbing and home improvement industry, we created Maison to be a true partner for architects, designers and homeowners.

At Maison&Co., we believe the space you desire starts with the experience you deserve. Our team's collective decades of experience make it possible for us to identify the kitchen, bath and lighting trends, keeping our clients at the forefront of what's possible.

In these pages, you'll see the trends that are inspiring us. We hope they can inspire you, too.

FOR THE LOOK YOU WANT, LOOK TO OUR EXPERTS.

Our team harnesses decades of experience to inform our modern approach. Combining our deep knowledge of industry trends and products with a true interest in understanding our client's vision, we believe style and quality are achievable by anyone.

THE KITCHEN IS THE HEART OF THE HOME.

It's not just a room — it's a gathering place. It should be stocked with more than memories and great food, but functional and beautiful details.

BRUSHED BRASS & MATTE FINISHES

Brushed brass and matte finishes are replacing the sheen of the typical. Small details like cabinetry hardware and functional statement pieces like brushed brass faucets and range hoods come together to provide a modern and classy touch of glam to your kitchen.

GALLEY SINKS

Many of us are cooking and entertaining at home more than ever. The Galley kitchen system allows for a seamless transition between prepping, cooking, serving and cleaning, providing the ultimate amalgamation of form and function.

MINIMALISTIC LINES

Simplicity remains. Minimalistic lines in the kitchen keep the space stylish and functional, while focusing the eye and making each small design choice, from faucets to appliances, the focus.

REINVENT YOUR BATHROOM.

Your bathroom is likely the first room in your home you visit every single day. Why not make it your own personal paradise? Reinvent your bathroom to make it a place of beauty, relaxation and organization.

SPA-INSPIRED SUITE BATHROOMS

Enjoy a spa day without ever leaving your home by creating a serene spa-inspired suite for your master bath. Private wellness shower systems, chic lounge areas and architectural details mean starting and ending your day on a glamorous and relaxed note.

STATEMENT WALLPAPER

Now is the time to let go of everything you knew about wallpaper. Modern wallpaper can bring impactful texture and color to any room, but especially your bathroom or powder room.

NATURAL MODERN

Sometimes simplicity is the most impactful design decision. Muted natural tones and textures combined with modern lines come together to create a gorgeous bathroom retreat.

LIGHTING

Lighting has the power to change the mood of any room. Making the right lighting decisions for your space is one of the most effective ways to breathe new life into your home.

EXPOSED BULB CHANDELIERS

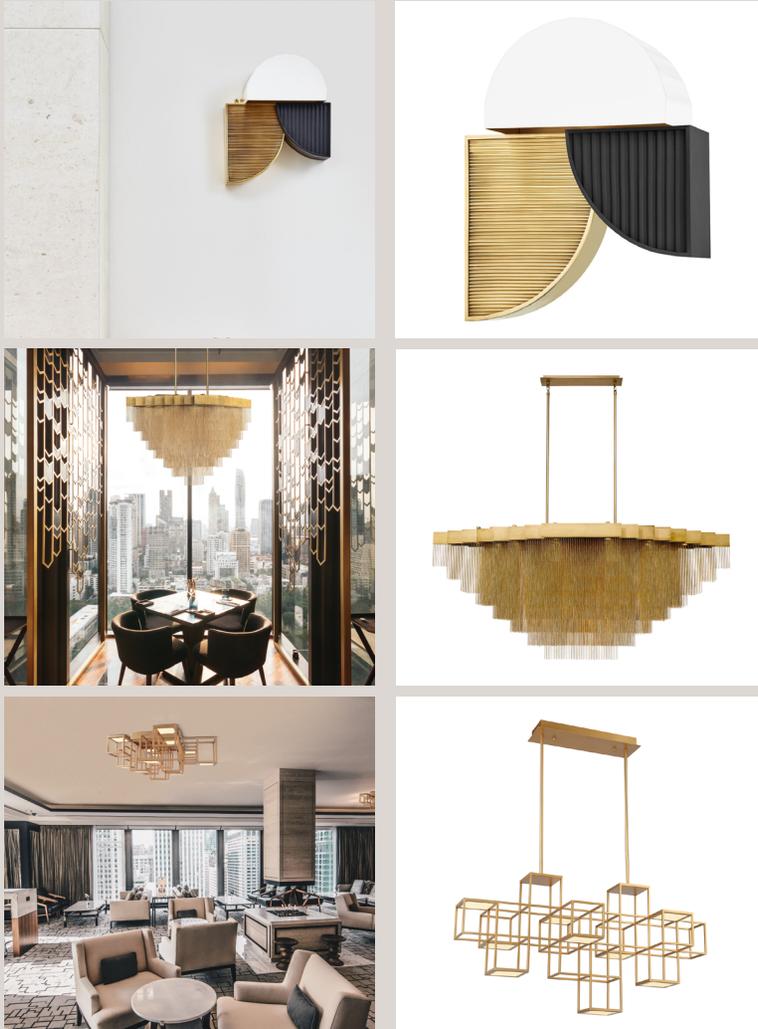

Bring a dash of the industrial into your home with an exposed bulb chandelier. While this trend pairs perfectly in a modern space, it can also bring a contemporary focal point into a more traditional room.

SCULPTURAL SILHOUETTES

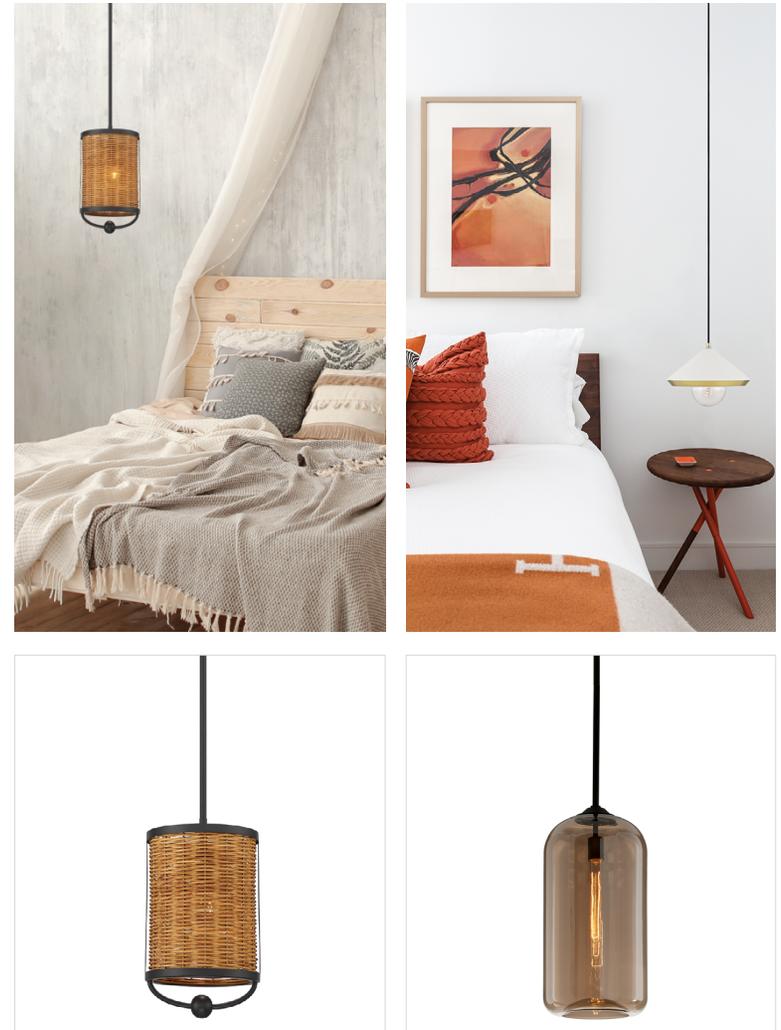

Lighting can be a work of art. Sculptural silhouettes, whether a show-stopping chandelier or a subtle wall sconce, can add a note of artistry to your home.

BEDSIDE PENDANTS

Free up space on your night stand and reinvigorate your bedroom with a simple switch to bedside pendant lights. This simple design decision can bring new life into your space.
